Big Cypress Lodge: Memphis, Tennessee

One of Memphis' most unique accommodations is Big Cypress Lodge. Nestled within the all-glass Bass Pro Shops at the Pyramid in the heart of the city, Big Cypress Lodge features rustic rooms with treehouse or duck-hunting cabin themes. But the various kid-oriented facilities are the highlights of the property. In addition to featuring an aquarium with twice-daily fish feedings and a glass-enclosed elevator that brings travelers to the pyramid's observation deck, the hotel houses Uncle Buck's Fishbowl and Grill. Inside the eatery, visitors can play billiards or bowl in an ocean-themed bowling alley with painted murals, hanging fish and bowling balls that look like sea critters.
